# 01 — A BIT ABOUT ME

I'm Lori Gibbons. I am in love with beautiful design and meaningful visual communications. I am interested in creating graphics that capture attention and stand out from the crowd. With higher education in Studio Art, Digital Media, and Web Design, I have a solid foundation and practice in design and layout principles.

I live in Athens, Ga. When I am not poking at design work or coding websites, I enjoy dancing in the air with a local aerial silks group. I am an animal lover and acrobatic enthusiast.

My artwork has been on diplay in various locations around Athens, and my graphic designs have been used for organizations across the US.

In "Equus," which took critics and public alike by storm and has gone on to become a modern classic, Peter Shaffer depicts the story of a deranged youth who blinds six horses with a spike.

Through a psychiatrist's analysis of the events, Shaffer creates a chilling portrait of how materialism and convenience have killed our capacity for worship and passion and, consequently, our capacity for pain.

Rarely has a playwright created an atmosphere and situation that so harshly pinpoint the spiritual and mental decay of modern man.

**“**RARELY HAS A PLAYWRITER CREATED AN ATMOSPHERE AND SITUATION THAT SO HARSHLY PINPOINT THE SPIRITUAL AND MENTAL DECAY OF MODERN MAN.
